

Trademark Lawyers Richmond

Trademark Lawyers Richmond - Our lawyers are knowledgeable within Intellectual Property Law and could give advice and help with intellectual property protection and enforcement with a goal of assisting our clients to maximize the value of their intellectual property (IP). As amongst the leading intellectual property practices in this country, our clients come to us for our sound recommendation and skill in the following IP fields: copyright, licensing and IP transactions; industrial designs and patents; internet domain names and trademarks; trade secrets; technology and IP litigations; IP due diligence in corporate transactions; IP portfolio management; freedom to operate opinions (validity, patentability, infringement); procurement, licensing and integration of software applications; and outsourcing of information systems management services.

We have extensive knowledge protecting and securing our clients' valuable IP assets. Our team consists of more than twenty IP practitioners--lawyers, patent and trade-mark agents, law clerks and scientific consultants--who have degrees in such disciplines as mathematics, chemistry, engineering, physics and biology. Many of our professionals have attained strong technical knowledge and advanced science degrees, that means they know our client's IP protection requirements.

Among our clientele, were some of the world's recognized brand names. We advise our clients on intellectual property licensing, protection and portfolio management. We also represent entrepreneurs and start-ups.

We recognize and understand how valuable our clients' invention, brands and creative work are. Our lawyers can represent our clients before the courts in copyright, patent and trade-mark matters. We even appear in mediations, arbitrations and litigations about passing off, infringement of rights, contract disputes and misuse of confidential information before Courts of Appeal. Our lawyers also appear before arbitration panels in respect of domain name dispute resolution proceedings and before the Trade-marks Opposition Board in respect of opposition and summary expungement procedures. Our firm represented several of the biggest information systems management outsourcing transactions within this country.

Our IP Group, draws on skill in different areas of our large, multidisciplinary law company. IP lawyers work with lawyers in our corporate, commercial, securities and competition practice fields. Together our team of experts helps clients with their intellectual property problems, like for instance the protection of intangible assets through registering patents, trade-marks and copyrights; drafting of non-competition and confidentiality agreements; development of strategies for IP protection; and litigation of intellectual property issues. Our Business Law Group helps the IP Team in the representation of both sellers and buyers in acquisitions, divestitures and mergers of IP companies.

Our lawyers can help clients in marketing and advertising connected legal problems. We likewise advise clients about the matters of packaging, labeling and advertising. We likewise assist with privacy related problems, regulatory requirements and franchise and distribution agreements.
