

Richmond Business Law

Richmond Business Law - We can assist businesses of all types and sizes to help them reach their goals. Our objective at our company is to give client-centered and value-based legal services. With our trademark combination of conventional and innovative approaches to business law, we help a lot of this country's most successful and well-known commercial enterprises, and help with development ranging in size from millions to hundreds of millions of dollars.

Our firm works as an integrated team with several lawyers, engineers and specialists all around North America and all over the world. Our company and legal advice has helped hundreds of major resource-based developments attain their goals, from mining projects to gas and oil developments, from agribusiness to pulp and paper. We design creative partnerships and joint ventures amongst co-operatives, governments, businesses, venture capitalists, financial institutions and merchant bankers.

We give suggestion to our clients concerning various concerns consisting of: mergers, acquisitions and divestitures throughout the whole transaction cycle, comprising legal due diligence, structuring, and negotiating offers to purchase, letters of intent and agreements of purchase and sale.

Our company has a strong practice in commercial law to assist our clients in the area of tax planning and the structuring and governance of different entities. We have skillfully negotiated project financing, construction and engineering agreements, and worldwide commodity marketing agreements for business enterprises.

Our assistance for small to medium sized companies help to assist grassroots entrepreneurship. We can assist in developing effective business and management structures. We can help entrepreneurs' access capital and establish positive relationships with customers and suppliers. Our lawyers have extensive skill with cross-border transactions and can help small companies to become successful exporters.
