Mergers and Acquisitions Richmond - Our Mergers and Acquisitions Group is involved in various complex reorganizations, mergers, acquisitions and divestitures on behalf our clients operating in business industries, jurisdictions and sectors.

Our firm is one of the top ranked firms and is unparalleled in the terms of the monetary value and number of domestic and international deals we have handled. We have acted as lead counsel in over \$90 billion worth of transactions. Our lawyers are dedicated to a pioneering and inventive practice.

We have devised a lot of original takeover strategies, bids, and expansions. Our services span different negotiated and contested mergers and acquisitions on behalf of large and mid-cap issuers, income funds, royalty trusts, institutional investors, closely held corporations, investment banking and private equity community members, in addition to shareholder groups, boards, and committees. Our corporate and litigation lawyers offer counseling about poison pills, hostile bids, and proxy contests. We advise boards of directors and special committees about such matters. We often deal with joint ventures, leveraged buyouts, spin-outs, private mergers, exchangeable share transactions, carve-outs, and going-private transactions.

Our multidisciplinary supporting team of employment, real estate, intellectual property, tax and competition lawyers advise on the different aspects of transactions. The complicated nature of mergers and acquisitions needs working closely with all parties from the outset to move deals forward.
