

Patent Agents Richmond

Patent Agents Richmond - A full range of services is provided to our clients, allowing them to meet all of their copyright and trademark needs efficiently and quickly. Among our firms specialties is to enforce trademark and copyright rights in trademark opposition litigation and proceedings. Furthermore, we even assist our clients in the legal clearance of trademarks and help guide them all through the registration procedure. Our knowledge and expertise allows our clients to know the full value of the intellectual property and provides them with the information and resources required in order to get the essential protection.

Regardless of the size of the company, we could offer effective and cost efficient resolutions to several clients. We provide services in the management of a portfolio of intellectual property assets, suggestion regarding an acquisition or licensing program, or help in regulating the uses of logos, slogans or trademarks in the marketplace. The requirements and goals of our clients is always vital and our flexible approach ensures that the demands of the marketplace are met in a timely way.
