Richmond Criminal Lawyer - Our firm concentrates in providing legal solutions concerning commercial and insurance fraud and theft. Even if the worldwide commercial crime rates are on the rise, governments seem to be allocating less funds to fight this trend. As such, disputes that were handled by the government have now been passed down to the civil courts.

Our firm has tremendous knowledge in criminal matters as well as civil matters. They utilize their knowledge in these areas, together with our firm's personal contacts, to be able to make sure we provide our client with all the needed resources. The preliminary investigation is vital to the end resolution of a fraud lawsuit. Due to this, our lawyers interact regularly with the police department, as well as other investigative agencies and forensic accountants, statistical and computer experts, handwriting analysts, and private investigators so as to make certain that a complete investigation is accomplished.

For the clients who may be interested; we give private seminars regarding cutting-edge issues. We give our opinions about a lot of matters and explain all the legal facets which relate to the topics.
