

Top Immigration Lawyers in Richmond

Top Immigration Lawyers in Richmond - Our Technology Law Group helps clients with the full spectrum of services concerning technology. We serve global technology companies with complex needs regarding their technology and commercial requirements. Our clientele consist of research companies and technology start-up operations. We assist clients involved in financings and mergers and acquisitions concerning information technology (IT), clean tech, biotechnology, emerging technology, and life science issues.

Our Technology Law Group draws on the background and experience of lawyers and professionals in our company involved in the subsequent practice areas: administrative and regulatory, environmental and energy, securities, corporate/commercial, mergers and acquisitions, intellectual property, corporate finance and financial services.

The Technology Law Group comprises some sub groups, including the Information Technology and E-Commerce Group and the Clean Tech Group. This broad range of focused expertise makes sure that our clients' legal requirements and business needs are identified early and dealt with in a timely, focused, and practical manner. These groups help to make certain that our clients' business requirements and legal requirements are quickly identified and dealt with in a matter that is focused, practical and timely.
