

## Law Firm Richmond

Law Firm Richmond - Our law firm leads the way in the private equity market with extensive involvement in some of the most noteworthy private equity ventures in this country's history. We work together with private equity funds and financial institutions in dispositions and acquisitions of companies and associated financial transactions. Our team helps private equity fund sponsors in the ongoing maintenance and formation of funds.

Our company has complementary practice areas from which our private equity team is able to draw. We have the breadth and depth of experience to be able to provide our private equity clients with mergers and acquisitions, banking, capital markets, antitrust, intellectual property, tax, employment and labour, real estate, pensions and benefits, environmental, corporate governance, insolvency and restructuring skill needed for successful private equity investments and management of portfolio companies.

We have built contacts and relationships with American, Canadian, as well as international clients active in the private equity market. Our close relationships would help enable us to foresee opportunities and connect our clientele to each other for their mutual benefit. Some of these relationships consist of public companies and private companies, institutional investors, leading private equity firms, pension funds, financial institutions, entrepreneurs and venture capital firms. Our private equity clients benefit from the sources of debt financing wherein we could connect them. When our clients like to buy or sell businesses, we could introduce them to probable buyers or sellers.

We are normally called upon by the lead counsel in foreign transactions to provide domestic legal recommendation and help with transaction execution. We regularly collaborate along with global law companies in cross-border private equity transactions which otherwise have international components. In overseas or foreign transactions, we work along with top foreign law companies to get recommendation regarding foreign legal considerations.
